

2021 IEEE International Conference on Information Technologies (InfoTech-2021)

InfoTech-2021
is the 35th issue of the traditional scientific conference established in year 1987

Web-site: infotech-bg.com
e-mail: rrom@tu-sofia.bg

Indexing & referring:

Scopus, IEEE Xplore DL, EBSCOHost, Google Scholar, etc.

PUBLISHING

- ◆ Accepted articles **Type [1]** oral presented during the regular conference sessions will be sent for publishing in the **IEEE Xplore Digital Library (CD e-Proceedings)** after plagiarism checking (with indexing in Scopus).
- ◆ Accepted articles **Type [2]** with oral or poster presentation in the conference sessions will be published in the **InfoTech-2021 Conference Proceedings (ISSN 1314-1023)** which will be spread over 15 libraries in all over the World and will be sent to EBSCO Host (USA) for indexing & referring. Selected papers could be proposed for publishing after renewing in the Int'l J. on IT and Security (<http://ijits-bg.com>) which is indexed in WoS.
- ◆ A Special Issue of the journal "Electronics" (WoS IF=2,412 & Scopus SJR=1,9) will be organized with selected articles from 2021 International Conference on Information Technologies – deadline for submissions are 31 Dec 2021 (see next page).

All information is available on the conference web site

Deadline for manuscript
submissions:

31 December 2021

Message from the Guest Editors

InfoTech is an international forum for scientists, researchers and industrial experts, to share innovations, experience and new research results in the fields of information technologies and information security; technologies for system design and intelligent systems; technological aspects of e-governance and data protection, etc. The forum is a successor of the International Conference on Systems for Automation of Engineering and Research (SAER), established in 1987 and International Workshop on e-Governance and Data Protection (EG&DP), established in 2005.

The main focus of the conference is the application of information and communication technologies for the sustainable development of various and diverse spheres of society—industry, social and corporate governance, high technology, education, military affairs, ecology.

Keywords

- information technologies
- information security
- networking and communication technologies
- intelligent systems and applications
- technologies for system design and investigation
- technological aspects of e-governance and privacy

Special *Issue*

International Journal on Information Technologies and Security

Web-site: ijits-bg.com

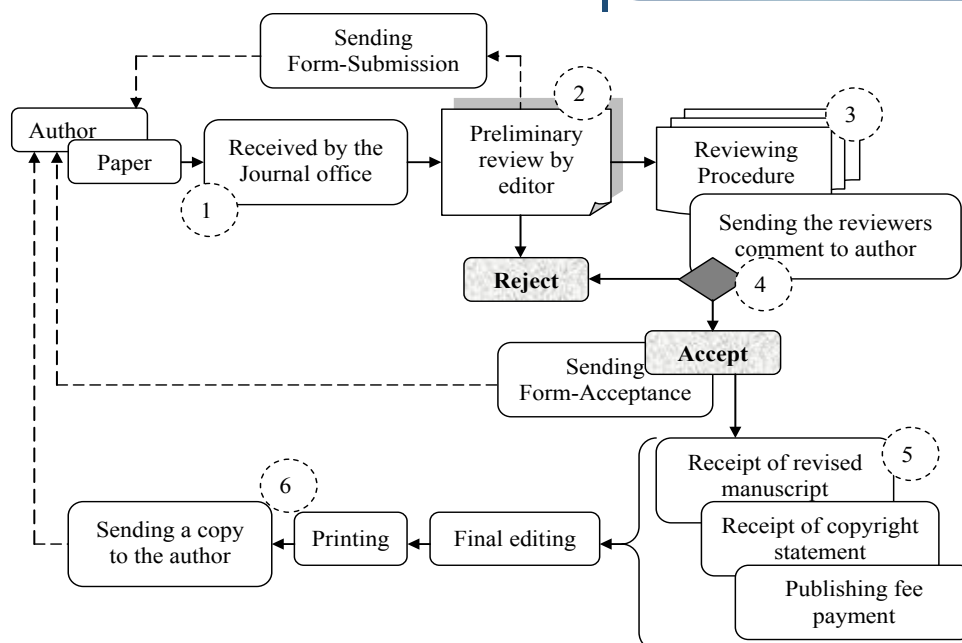

IJITS is an international peer-reviewed journal published in English. The journal policy is to publish articles that emphasize research, development and applications within the fields of information technologies, information security, security policy and innovation policy.

Authors are encouraged to submit high quality, original works (theoretical and application-based studies) that have not been published or accepted for publishing by other journals. Full and extended versions of articles presented during the conferences and symposiums could also be submitted but the paper submitting to the journal should differ from the previously published material by at least 50 percent.

All information about submission, reviewing, accepting, publishing fees, deadlineя, etc. is published in the sections of the journal web site
